

This text is intended for men and women to an equal extent. However, for better readability, it was decided not to use the consistent formulation in the male/female form in the text and only the male form is specified.

Technical Code DVS 2212-1 Supplement 3

Plastic welding test for PPA and FEP high-speed hot gas welding

Technical Committee of the DVS
Working Group "Training and Qualification Testing"
Specialist Group "Joining Plastics"

This publication has been drawn up by a group of experienced specialists working in an honorary capacity and its consideration is recommended. The user should always check to what extent the contents are applicable to his particular case and whether the version on hand is still valid. No liability can be accepted by the DVS – Deutscher Verband für Schweißen und verwandte Verfahren e.V., and those participating in the drawing up of the document.
